**Greetings**

After we shared our student's activity **"Talk to our heart "**.

Our students were impressed by your work ,interaction through skype was an exciting and thrilling experience for students. Our students had the opportunity to know about students of **Bethlemitas Medellin SCHOOL COLOMBIA .**

The students of both the countries exchanged their views and knowledge on **Talk to our heart "** (language customs and traditions of two countries Tunisia and Colombia)

**We really appreciate your collaboration and partnership with us.**

We would also like to collaborate with your students on other activities from time to time....
