THE ROMAN EMPIRE

Two thousands five hundred years ago, Rome was just a small city. It was not different from other cities in Italy at that time. The people of Rome were intelligent and they worked very hard. The Roman soldiers were strong, and they could fight well. Soon Rome was a great city. By 100 A.D., Rome was the center of a great empire. There were Roman cities in many other countries, and there were good roads from Rome to these cities. The Roman Empire was about 5,000 kilometers from one end to the other, and it was strong for 500 years. You can still see a lot of Roman buildings in many places.
